

St. Thomas School , Dhurwa, Ranchi
Third Terminal Examination Syllabus (2020-2021)
(From 28th Oct 2020 to 13th Feb 2021)
Subject- Physics

STD 10

WEEK	CHAPTER	TOPIC
28 October to 31 October	11	concept of heat, unit , concept of Temperature
2 November to 7 November	11	Factors affecting the quantity of heat absorbed to increase the temperature of a body, thermal capacity,
3. 9 November to 13 November	11	Specific heat capacity, difference between C and c , Calorimeter, principal, consequences of high specific heat capacity water, examples numerical
4. 17 November to 20 November	11	Change of phase, melting and freezing , all heating curve , Latent heat and specific latent heat , kinetic model
5. 23 November to 28 November	11	Natural consequences and Numericals

December ---- Revision

NOTE: ALL THE CHAPTERS OF FIRST AND SECOND TERM IS INCLUDED.

Number of video = 3
